## ABOUT US

One of the leading suppliers of elite business management services in the country is Eco Incorporation Group Private Limited, doing business as "Eco Inc." Our reputation is built on our dedication to excellence. Our specialty is the importation of products and services from other nations, the expert distribution management of those products, and the establishment of those products' presence in the local Nepalese market. At the same time, we encourage the export of many different Nepalese products and services to foreign markets.

We have established our reputation as a reputable government contractor thanks to our extensive experience carrying out government projects and our unwavering dedication to delivering excellent results on time and within predetermined fiscal parameters. Due to this skill, Nepal has established strong partnerships with both public and private organizations.

Our area of expertise includes developing custom, successful business strategies that are painstakingly crafted to satisfy the one-of-a-kind needs of our prestigious clientele. The strategic orchestration of business operations falls under the purview of this expertise. A skilled team of experts is on hand to provide assistance. We offer specialized solutions while being aware of the unique challenges each business entity faces. These solutions not only encourage business growth but also clear the way for success.

We provide our services as commission agents working for Eco Inc., utilizing our broad contact list and in-depth market knowledge to assist our clients in achieving their professional objectives. Furthermore, thanks to our in-depth knowledge of Nepal's public procurement protocols, we are well-equipped to help our clients navigate the complexities of the procurement process and secure lucrative contracts that spur growth.

Eco Inc. solemnly swears to not just meet but also surpass customer expectations, reaffirming our position as a catalyst for our clients' successes. We guarantee comprehensive solutions that promote business growth and prosperity thanks to our unmatched expertise in business management, commission agencies, public procurement, and government contracting.

## Mission

Eco Inc.'s unwavering mission is to support business growth through the provision of excellent management services, creative business strategies, and straightforward cross-border trade solutions. We enable businesses to achieve unmatched excellence on the global stage through unwavering commitment and collaborative synergy.

## Vision

Our goal is to strengthen Nepal's economic potential, promote sustainable growth, and create lasting value for our clients, partners, and neighborhood groups. We hope to be a crucial part of realizing these goals.

## Core Values
